Education

2019 – 2023 **B.Eng. Automation, Honor Class** in Huazhong University of Science and Technology.
GPA: 3.91/4.00
Score: 92.0/100

Publications

Conference Proceedings

1. Jinyuan, Jia*, **Wenjie, Qu***, & Neil, Gong. (2021). Multiguard: Provably robust multi-label classification against adversarial examples. In *IEEE International Conference on Computer Vision (ICCV), Under Submission*.
2. **Wenjie, Qu***, Qiming, Wu*, Zhikang, Zou, Peng, Xu, Bo, Li, Zichuan, Xu, & Pan, Zhou. (2021). Reg-IBP: Efficient and scalable neural network robustness verification via interval bound propagation. In *IEEE International Conference on Computer Vision (ICCV), Under Submission*.

* Equal Contribution.

Experience

2021.1 – · · · · **Research Intern.** Department of ECE, Duke University.
Supervised by Prof.**Neil Gong**.
Research Topic: Provable Robust Defense

2021.3 – · · · · **Research Intern.** Department of CST, Tsinghua University.
Supervised by Prof.**Chao Zhang**.
Research Topic: AI for Computer Security

2020.8 – 2020.12 **Research Intern.** School of Cyber Science and Engineering, HUST.
Supervised by Prof.**Pan Zhou**.
Research Topic: Adversarial Attacks and Defense on Computer Vision

2020.1 – 2020.7 **Research Intern.** School of Artificial Intelligence and Automation, HUST.
Supervised by Prof.**Ye Yuan**.
Research Topic: Artificial Intelligence Applications in Intelligent Manufacturing

Skills

Coding	C/C++, Python, Matlab, latex, …
Libraries	Pytorch, OpenCV
Misc.	Academic research, publishing.

Scholarships And Awards

2020	**National Scholarship**, Ministry of Education, P.R.C.
	Outstanding Undergraduates in Term of Academic Performance, HUST.
	Merit Student, HUST.
2018	**Asia-Pacific Informatics Olympiad, Bronze Medal**, China Computer Federation.
	National Olympiad in Informatics Winter Camp, Bronze Medal, China Computer Federation.
2017	National Olympiad in Informatics in Provinces, First Prize, China Computer Federation.
